

## Ghost Blossom with Tula Pink Experienced Beginner 72" x 72"

Simple graphic quilts become almost entirely about fabric selection. We will play with color combinations and print layouts while blurring the lines between background and foreground to create a stunningly simple graphic quilt top. We will build this quilt block by block so come ready to move things around and play!

### FABRICS:

1/3 yard each of 16 colorful prints (I suggest 8 complimenting pairs)

3 1/4 yards of white background fabrics (break this number up into AT LEAST 4 different white print fabrics, the more the better!)

7/8 yard of light blue or gray (choose a color that will subtly contrast with the white background prints)

**BOOK:** Quilt with Tula and Angela
