## Course Overview

Playing with color is one of the most rewarding aspects of quilt making. It can be fun, intuitive, challenging and at times frustrating. In this class, we will explore how colors play off one another, delve into the importance of value, and learn tips for when you get stuck. You will start with a variety of quick exercises, and move on to sewing small color studies that can be combined to make a larger quilt.

## Fabric Selection

Bring a variety of light, medium and dark SOLID fabrics. Include neutrals and a few "ugly" colors.

20-40 (or more, it's a color class!!) colors of solid fabrics, precut into 5" by width of fabric strips. Bring enough color choices to suit your creative style. Pick colors you love with a variety of light, medium and dark options. Bring neutrals as well.

Bring some colors you DO NOT care for, we will be exploring how to use "ugly" colors.
