

Making Prints out of Solids--Lines, Tracks, & More Supply List 327

Instructor

Maria Shell

Email

mariashell4@gmail.com

Course Overview

Using solid colored quilters cottons, students will learn how to stitch an assortment of pieced prints including stripes, dots, lattices, plaids, and tracks. While learning these new techniques students will also be given information about working with solids, improvisational piecing techniques, and ideas for taking these techniques and creating original quilts.

Experience Level

Confident Beginner

Fabric Selection

8-12 Half-Yard Cuts of solid color fabrics. Try to represent the ENTIRE color wheel and not just your favorite colors.

Sewing Machine Required

Yes

Plus Half-Yard Cuts of a white, a brown, a grey, and a black

NOTE—If you are traveling, you may bring fat quarters, instead of yardage.

NOTE—If you do not have solid colored fabrics, you may bring what you have, and we will see what happens. I would rather you NOT purchase new fabric until after you take the class. During class we will learn what works and what does not—then you can shop to get the desired result in your quilt.

NOTE—More is MORE. If you have more solid fabrics and can bring them, please do.

Required Book

Improv Patchwork--Dynamic Quilts Made with Line & Shape by Maria Shell

Required Supplies

This is a recommended supply list, if you don't have the EXACT ruler or supplies please don't stress about it. We will make it work! What is important is not the supplies, it is showing up and having a willingness to experiment with patchwork.

Sewing machine with a straight stitch and a quarter-inch foot and/or the

ability to create a quarter inch seam. (A quarter-inch foot with a flange will NOT work for sewing curves.)

Rotary cutter with a sharp new blade (60mm if you have one). I prefer this particular rotary cutter because it gives me good visibility and control when cutting improvisationally.

Rotary rulers (bring your basic longer ruler, my favorite is the Omnigid 4" x 14". Creative Grid also makes this size ruler

Tri-Rec Ruler and Companion Angle Ruler if you have them Or any triangle ruler that you have on hand and want to explore using.

Rotary Mat

Basic quilting supplies including straight pins, seam ripper, neutral thread, scissors and/or snips for cutting threads

Measuring tape

** Small sticky note pad

** Paper and/or notebook and/or draft paper for making notes, sketches, and drawings about your quilt.

** Calculator

Design wall (a large piece of flannel or batting works fine)

** Digital camera or cell phone with the ability to take pictures

** **Supplies not carried by The Stitchin' Post**

A Starter Pack will be available for this class in March
