Experience Level

Intermediate

Sewing Machine Required

Yes

Course Overview

Have a blast making your own little forest in whatever colors you chose. Scott helps you make your own unique trees using a variety of blocks already mapped out and then you can arrange and rearrange the parts to “plant” them anywhere you want in your quilt. Autumn? Get your fall colored scraps together. A black and white forest on a backdrop of a variety of reds? Super Dramatic! A Winter forest with not a leaf to be seen? You can do that too! The sky’s the limit on these fun blocks.

Required Supplies

Sewing machine with ¼ inch foot or at least your ability to make accurate ¼ inch seams

Rotary cutter, cutting mat, and 18” or longer straight ruler (a shorter one would be handy too, but not necessary)

Thread

Other basic sewing supplies: seam ripper, pins, etc.

Finger presser for “inbetween” pressing (there is a lot of pressing needed in this project)

Small rotating cutting mat (there is a lot of trimming in this project)

Fabric List

2 yards or more -- Assorted print fabrics for the “leafy” bits

1 yard -- Assorted solids or “near” solids for the branches and trunks
(each tree needs 2” x WOF, and there are 14 trees in the pattern)

3 yards -- Assorted background prints or solids (each tree takes less than a fat quarter)

Lots of scrappy prints and fabrics in the colors you are going for in your

forest. There are NO rules here, if you like the combination then bring it.

Optional Supplies

Highly recommended: Doug Leko's Simple Folded Corners Ruler - this item is game changer for flip and sew corners.

Optional: Digital device to save your layout options

Required Book or Pattern

Pattern - Painted Forest by Blue Nickel Studios

Class Prep

I like to create as we go, so I don't encourage a lot of pre-cutting, but I also know that it helps in getting more done in class.

That being said, if you like you can cut these precuts:

Cut:

Two 1" x WOF strips (or equivalent from scraps) from the Trunk and Branch fabrics for each tree

Several 7 1/2" strips of "leaf" scraps (since this is a scrap class, these strips do not have to be very "long" they can be as short as 4 inches to be useful...You can use up a lot of your scraps in this)

One 4 1/2" strip and one 6 1/2" strip WOF of each background fabric. If you are using directional fabrics for background and you want them all the same direction cut two 6 1/2" strips to give yourself options.

A Starter Pack will be available for this class in March
