**Course Overview**

This is a quick and fun zipper bag. It's very handy to carry your necessities. The easy to install zipper forms a handle for a quick grab and go. There are two inner mesh pockets that keep things organized. We will be making the large size in class. Any fun new fabrics work for this bag. Matching the zippers and mesh makes the bags look professional store bought.

**Class Prep**

Please have your Main fabric (avoid direction fabrics) and lining fabric quilted with the Soft and Stable as batting before class. I just do some straight line quilting on the bags. Also have your contrasting fabrics pre-cut . Remember to use the large size for your bag.

## Optional Notions

Wonder clips and stiletto work well when making this bag.
