Experience Level

Confident Beginner

Sewing Machine Required

Yes

Course Overview

Choose an animal from the Forest Abstractions quilt and let's get started! Foundation paper piecing is a great project for any sewist from beginner to advanced. There is always something new to learn! We will begin our time discussing general information about foundation paper piecing, best practices and tools and work step by step through foundation paper piecing. More advanced students are encouraged to move forward while I work with students requiring more hands on instruction.

Fabric Selection

After you get the pattern, select the block you want to work on and bring enough fabric for that block.

Required Pattern

The Forest Abstractions Pattern or one of the free additional pattern add-ons from my website <https://www.violetcraft.com>

Required Supplies

rotary cutter

personal cutting mat - I love my 12" spinning mat, but bring something at least 12" ... those tiny 8" or less mats won't be big enough.

quilting ruler - I prefer the 12" Add-A-Quarter Plus

thread for top and bobbin - I use Wonderfil Decobob 80wt Poly

seam ripper

Optional Supplies

Violet Craft Seam Roller

Class Prep

Come prepared with your templates from the pattern printed or copied on 20# copy paper or lighter paper of your choice.
